COMPANY OVERVIEW

Our Story

The story of Gemini Expeditions is a story of love and passion. When the two founders – Maureen and Nelson – discovered that they shared a love for travel and a passion for adventure, they set out to explore as much of Kenya and the world as possible. The idea was to enjoy popular destinations and unearth less-traveled hidden gems while keeping costs affordable.

With every destination, our founders discovered how much more fun it would be to bring along other people on these expeditions. And that is how the idea of a travel company was born. On 17th November 2023, we were incorporated as Gemini Expeditions!

Gemini Expeditions is based in the vibrant Nairobi Metropolitan area, the gateway to East Africa's most iconic safari destinations. We specialize in curating bespoke beach vacations, unforgettable safari adventures, rich cultural experiences, and business trips across East Africa and beyond. With a commitment to excellence and affordability, we strive to create memorable journeys in this enchanting region.
